How Nam has improved his English

In the first year of lower secondary school, I had some difficulties in learning English. My pronunciation of English words was really bad and my English grammar was worse. I did not know how to improve them. I didn't want my father and mother to know about this. One afternoon after the lesson, my teacher of English told me to wait for her outside the classroom. She took me to the school library and showed me cassettes of pronunciation drills kept in a glass bookcase. She also told me how to use an English – English dictionary to improve my English grammar. "Now I think you know what you should do", She said. I made much progress and only one year later I won the first prize in the English Speaking Contest held for secondary school students in my hometown."

III. Read the passage and then decide if the statements that follow it are True(T) or False(F)

My name is Phat, an exchange student. Here I am in America. My host family lives in Tucson, Arizona. I'm attending high school, seeing the country and studying lots of different subjects. As you know, I love athletics, so I'm doing some serious running, as the school sports facilities here are excellent. I'm also learning how to play baseball and American football.

I'm finding the high school environment very relaxed and quite different from school back home: no uniform, not many rules, and you can even eat and drink in class. We start school at 8 am and finish at 3 pm, so we have lots of time for sports and other activities. We take eight subjects in the semester and have one lesson in each subject every day. I can choose seven of the subjects myself – the only compulsory one is American history.

| Number | Statements | True | False |
|--------|---|------|-------|
| 1 | Phat is now staying in Arizona on a study exchange program | | |
| 2 | Phat has been playing baseball for a long time and is very good at it | | |
| 3 | Students in his school wear nice uniforms | | |
